

Safeguarding Children & Vulnerable Adults Policy

Introduction

The YMCA Fairthorne Group (YMCA FG) seeks to serve the needs of children, young people and vulnerable adults and in doing so, takes seriously their welfare. We recognise that it is our responsibility as an organisation to prevent their physical, sexual or emotional abuse and to prevent their neglect or exploitation. Each individual employee, volunteer or board member shares this responsibility. Therefore, we are committed to implementing, maintaining and regularly reviewing our Safeguarding policies and procedures. YMCA is committed to creating an environment which is safe and a culture where concerns are freely raised and responded to with rigor and resolve.

Policy Purpose

The policy has been produced to ensure that all information regarding the safety and wellbeing of children and vulnerable adults is acted upon appropriately. The policy (when shared) ensures that all staff and volunteers clearly understand their own responsibilities, where to access support and how to escalate their concerns. The policy relates to children and vulnerable adults within our direct care or those within the communities in which we work. This combined Level 1 children and vulnerable adults safeguarding policy has been produced in recognition that much of our work is with young people in the transition years between childhood and adulthood. The YMCA FG will apply equal rigor to our safeguarding procedures regardless of the age of the individual.
